

PLANTS WHICH MAY BE RELEASED WITHOUT INSPECTION

In accordance with Section 6443, Food and Agricultural Code, the following listed plants (including fruits and vegetables) have been found not liable to cause the introduction of pests into California when imported for purposes other than planting or propagation, and may be released without inspection if grown in and shipped from the states listed.

Individual county agricultural commissioners may authorize release of shipments of the following plants (including fruits and vegetables) on an ongoing basis without holding shipments for individual release.
