</table>

2. Soil within the drip area of plants producing, or
which have produced fruit or berries as listed in C1
above.

3. Any other product, article, or means of
conveyance when it is determined by the Secretary
or county agricultural commissioner to present a
hazard of spreading live life stages of white striped
fruit and the person in possession thereof has been
so notified.

D. Restrictions.

1. At the wholesale level, articles and commodities
covered in Section C are prohibited movement
within or from the area under quarantine except
as provided in (a) or (b) below:

   (a) If the article or commodity has been treated in a
       manner approved by the department to eliminate
       white striped fruit fly, is transported in a manner
       to preclude exposure to white striped fruit fly, and
       is accompanied by a written certificate issued by
       an authorized State or county agricultural official
       affirming compliance with this subsection; or,

   (b) The article or commodity is moving for treatment
       for white striped fruit fly or processing and in a
       manner approved by the department to preclude
       exposure to white striped fruit fly and is
       accompanied by a written certificate issued by an
       authorized State or county agricultural official
       affirming such movement has been authorized
       under this subsection.

2. At the wholesale level, articles and commodities
covered in Section C which have been
commercially produced outside the area under
quarantine are prohibited movement into the area
under quarantine except when accompanied by a
shipping document indicating the point of origin
and destination and moved in compliance with (a), (b) or
(c) below:

   (a) If the article or commodity is moving directly
       through the area under quarantine without delay
       and by a direct route in an enclosed vehicle or
       container or completely enclosed by a covering to
       prevent exposure to the white striped fruit fly
       while enroute through the area; or,

   (b) The article or commodity is destined to a
       wholesale or retail establishment within the
       quarantined area and, if moving between 9:a.m.
       and sunset, is transported in an enclosed vehicle
       or container or completely enclosed by a
       covering to prevent exposure to the white striped
       fruit fly; or

   (c) The article or commodity is destined to a
       commercial processing facility.

3. At the retail level, articles and commodities covered
which have been commercially produced are
prohibited movement from or within the area under
quarantine except when the person in possession has
a sales slip or other comparable document showing
the commodity was purchased from a commercial
establishment.

4. Articles and commodities covered which have
been noncommercially produced within the area
under quarantine, including “backyard”
production, are prohibited movement from the
premises where grown except under written
authorization of the department or county agricultural
commissioner.

5. Articles and commodities covered which have
been noncommercially produced outside the area
under quarantine are prohibited movement into the
area under quarantine except when the person in
possession has signed a statement showing the
commodity, amount, origin, destination, and date of
transportation.

6. Within the area under quarantine, no wholesale or
retail establishment shall handle, sell, or offer for
sale any article or commodity covered unless such
commodities at all times are maintained in a manner
approved by the department to preclude exposure to
white striped fruit fly. No commodity covered shall be
held for sale or sold from a truck, trailer, or other
mobile vehicle.
